PECB Certified ISO/IEC 38500
Lead IT Corporate Governance Manager

Master the principles and model of IT Governance based on ISO/IEC 38500

Why should you attend?

ISO/IEC 38500 Lead IT Corporate Governance Manager training enables you to acquire the expertise to support and lead an organization to successfully evaluate, direct and monitor an IT Governance model based on ISO/IEC 38500. During this training course, you will also gain comprehensive knowledge of the best practices and core principles of IT Governance and be able to effectively apply them in an organization in order to ensure good governance of IT.

After mastering all the necessary concepts and core principles of IT Governance, you can sit for the exam and apply for a "PECB Certified ISO/IEC 38500 Lead IT Corporate Governance Manager" credential. By holding a PECB Certificate, you will demonstrate that you have the professional capabilities and competencies to effectively govern the use of IT within an organization.

Who should attend?

- Managers or consultants responsible for ensuring good IT Governance within an organization and effective management of its risks
- Expert advisors seeking to gain comprehensive knowledge of the key concepts and principles of IT Governance
- Technical experts seeking to formalize, amend, and/or extend an organization's IT-related objectives
- Members of groups monitoring the resources within an organization
- IT Governance and/or Information Security team members
